

M7090

pressure seal

The M7090 is an advanced heavy duty Desktop Pressure Sealer. It provides the Superior FRR (Friction Reverse Roller) with a cooling system. Up to 1,400 Sheets can be loaded in the feeder and processed at speeds up to 9,000 sheets per hour. It also provides great sealing quality with the 4 Press rollers.

Features:

- Large infeed capacity
- Friction reverse roller (FRR) with cooling system
- 4 roller sealing rollers
- Easy maintenance & heavy duty
- Adjustable speed
- Process single or damaged forms
- Auto start for job separation
- Automatically detects double feeds
- Reverses the rollers and clears any jam

Options & Accessories:

- Auto slide conveyor stacker (600 sheets)
- Vertical/sequential stacker (700 sheet)
- Dual purpose (in-line & stand alone)

Benefits:

- Wide range of applications
- Secure data
- Streamlines operations
- Increases productivity
- Cost savings
- Saves time

PARAGON

Forms are printed to your specification with a range of fold options to meet with the bespoke needs of each and every customer.

“ Pressure Sealing eliminates the need for envelopes. The process folds and seals forms to produce secure, confidential documents that are ready to post. Pressure sealing dramatically improves efficiency and reduces costs, while taking the hassle out of mailings. ”
